**DETAILED ACTION**

1. This is a Supplemental Office Action, which replaces the previous one.

**EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**IN THE SPECIFICATION:** Page 3, between lines 4 and 5, insert --The application file contains at least one drawing executed in color. Copies of this patent application publication with color drawings will be provided by the Office upon request and payment of the necessary fee --.

***Response to Arguments***

3. Applicant's arguments, see Remarks (page 12), filed 4/23/2007, with respect to claims 1-20 have been fully considered and are persuasive. The rejection of claims 1-20 has been withdrawn.

***Allowable Subject Matter***

4. Claims 1-23 are allowed.
5. The following is an examiner's statement of reasons for allowance:

\* Independent claims 1 and 11 have been amendment to overcome the rejection

Art Unit: 2624

under 35 USC 101;

- \* Newly added independent claim 23 has the limitations of claim 1;

- \* The present invention provides a new method for determining the category of a medium capable of detecting the three primary colors of scan modules and a difference enhancement algorithm of media properties to increase the precision of medium determination (specification, pages 16-18).

Particularly, the new method comprises the following features, which the prior art taken either singly or in combination does not teach:

- applying an algorithm on the luminance values and the standard deviations of the unknown medium, and on a plurality of luminance samples and corresponding standard deviation samples from the plurality of known media; and applying a result of the application of said algorithm to determine the category of the unknown medium as the category of one of the known media, using a medium category determination execution module (see independent claims 1, 11 and 23).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
